PROFESSIONAL SUMMARY

Front-End Developer with **1+ year of experience** building high-performance, responsive, and SEO-friendly web applications using **React.js** and **Next.js**. Proficient in integrating RESTful APIs and managing complex state with Redux Toolkit, React Query, and the Context API. Dedicated to writing clean, accessible, and maintainable code with a strong emphasis on performance, scalability, and modern UI/UX best practices.

WORK EXPERIENCE

Freelance Web Developer

Apr 2024 – Present

Remote / Self-employed

- Collaborated with clients across education, legal, and trading sectors to deliver fully responsive, SEO-friendly, and multilingual web applications.
- Built custom front-end interfaces and integrated them with secure backends, ensuring optimal performance, accessibility, and UX.
- Led full-cycle project development from initial requirements gathering to final deployment ensuring clean, maintainable code and modern UI/UX design.

Key Projects:

[mahmoud-ebrahim-elazony.tech](#) — E-learning a comprehensive e-learning platform for online exams and student assessments. Features include a fully functional admin dashboard, secure authentication system, unique student access codes, and complete backend integration. Designed to support scalable assessments and enhance administrative control.

Technologies: React.js, React Router, Axios, Formik, Yup, Bootstrap, Framer Motion

[e4traders.com](#) — A secure trading education platform delivering encrypted video-based courses with watermark protection, Google login, and progressive content unlocking based on invite count. Includes an admin dashboard, Stripe payment integration, and user-friendly navigation.

Technologies: React.js, Tailwind CSS, Axios, React Router, Formik, Yup, HLS.js, Stripe API

PROJECTS

ShopiQ – E-commerce Platform

Live: [Demo](#) | [Code](#)

Developed a full-featured e-commerce platform powered by a real API, enabling users to browse products, register accounts, and manage their shopping experience. Core features include user authentication (login/registration), password recovery via email, wishlist, shopping cart, and secure online payments through Stripe integration.

Technologies: React.js, Bootstrap, Context API, React Router DOM, Axios, React Query

Streamo – Movie Discovery App

Live: [Demo](#) | [Code](#)

Developed a dynamic movie and TV show discovery platform powered by the TMDB API. Users can browse, search, and watch trailers through a fully responsive and modern UI. Implemented filtering, dynamic routing, and state management for a smooth and engaging user experience.

Technologies: React.js, Bootstrap, Context API, React Router DOM, Axios, React Query, Swiper

AdminPanelX – Interactive Admin Dashboard

Live: [Demo](#) | [Code](#)

Developed a modern and responsive admin dashboard interface with integrated real-time chart rendering, dark/light theme switching, and performance optimization using lazy loading. Combines multiple visual components to simulate essential dashboard functionalities such as analytics and user monitoring.

Technologies: React.js, Tailwind CSS, ApexCharts, ReCharts, React Icons

Fast Food TNC

Live: [Demo](#) | [Code](#)

Developed a responsive food discovery application powered by TheMealDB API, allowing users to browse a wide range of meals, search by name, and view detailed recipes with ingredients and thumbnails. Each recipe is fully viewable before ordering, providing a clear and engaging user experience.

Technologies: Next.js, Tailwind CSS, Lucide-react

Game Review – Free-to-Play Game Explorer

Live: [Demo](#) | [Code](#)

Developed a web app that enables users to explore and filter free-to-play games using the Free-to-Play Games Database API. Built with a responsive UI and structured using JavaScript modules and OOP, the app provides a clean browsing experience across devices.

Technologies: HTML, CSS, Bootstrap, Font Awesome, JavaScript (Modules, OOP), Free-to-Play Games API (RapidAPI).

SKILLS

Languages & Markup: HTML5, CSS3, JavaScript (ES6), TypeScript

Frameworks & Libraries: React.js, Next.js, Redux Toolkit, React Query, Context API

Styling & Animation: Tailwind CSS, Bootstrap, Framer Motion

APIs & Integration: Axios, RESTful APIs, Postman

Version Control & Tools: Git, GitHub, Chrome DevTools, VS Code

EDUCATION

Bachelor's Degree in Computer Science

High Institutes at 6 October, Egypt — Graduated: Aug 2023.

Diploma in Front-End Web Development

Route Academy — Completed: March 2024 (Duration: 5 Months).

LANGUAGES

- Arabic: Native
- English: Professional Working Proficiency
