Summary

Frontend Engineer with **2+** years of hands-on experience building responsive **web** and **mobile** applications using **React.js**, **Next.js**, and **React Native**. Experienced in integrating RESTful APIs and managing state with React Query, Context API, and Redux Toolkit. Focused on writing clean, maintainable code with a strong emphasis on performance, SEO, and user experience.

Professional Experience

Frontend Engineer

Feb 2026 – Present

Wafra Tech Complete Solutions | Jeddah

- Developed and maintained production-ready web and mobile applications using React.js, Next.js, and React Native
- Collaborated with cross-functional teams to deliver scalable software solutions aligned with business requirements
- Participated in system analysis, feature planning, sprint discussions, and technical decision making
- Developed full-stack web and mobile features using Firebase, including Authentication, Firestore, and Hosting
- Contributed to code reviews, technical documentation, and continuous improvement of development processes

Frontend Engineer

Jan 2025 – Jan 2026

Petra Project Management | Kuwait (Remote)

- Developed and maintained production-ready frontend applications using React.js and Next.js
- Collaborated with project managers, designers, and stakeholders throughout the development process
- Delivered scalable user interfaces by implementing responsive designs and integrating RESTful APIs

Frontend Engineer

Jun 2024 – Jan 2025

Freelance

- Worked on projects across multiple domains, including education, e-commerce, and trading platforms
- Collaborated directly with clients to gather requirements and deliver production-ready solutions
- Developed full-stack solutions using Firebase, including Authentication, Firestore, Storage, and Hosting

Personal Projects

Ma3aak - E-Learning Platform

[Live](#)

- Built and maintained the front-end application for a multi-service teacher marketplace using Next.js
- Integrated frontend flows for PayPal & HyperPay payments, handling checkout and transaction status
- Implemented search, filtering, and pagination for services, with dynamic currency display based on the user's country
- Developed an in-platform communication system enabling students and tutors to coordinate session details and schedules directly, along with seamless online session handling
- **Technologies:** Next.js, React.js, React Query, Zustand, Axios, React Hook Form, Yup, Socket.IO

Dababat - Marketplace Platform

[Live](#) | [App Store](#) | [Play Store](#)

- Built and maintained a frontend marketplace platform supporting user authentication, ad management, service listings, and real-time chat between users
- Developed a secure Admin Dashboard for managing users, advertisements, and platform operations
- Implemented Google authentication, role-based access control, and secure user management
- Integrated real-time communication features using Socket.IO
- **Technologies:** React.js, Tailwind CSS, Axios, React Router DOM, Formik, Yup, Socket.IO, Chart.js

Clickat - Marketing Platform

[Live](#)

- A regional digital advertising platform where users submit detailed campaign requests, pay through PayPal and direct links
- Offers a two-language interface (Arabic and English) to serve a wider market base
- Includes an admin dashboard for managing campaign requests, tracking progress, and handling platform operations
- **Technologies:** React.js, Tailwind CSS, Axios, React Router DOM, React Query, i18next, Chart.js

Technical Skills

Languages & Markup: HTML5, CSS3, JavaScript (ES6+), TypeScript

Frameworks: React.js, Next.js, React Native

State Management: Context API, React Query, Redux Toolkit, Zustand

Styling & Animation: Tailwind CSS, Bootstrap, Material UI (MUI), shadcn/ui, Framer Motion

APIs & Integration: RESTful APIs, Axios, WebSocket (Socket.IO), Postman, Apidog

Testing: Jest, Cypress (E2E), React Testing Library

Version Control & Tools: Git, GitHub, Figma

Education

Bachelor's Degree in Computer Science

Higher Institute for Computer Science and Information Systems — Graduated: Aug 2023

Frontend Web Development Diploma

Route Academy — Completed: Mar 2024

Languages

Arabic: Native

English: Professional working proficiency
